

Corporate IT Internship

6-Month Live Project Track — Premium Tier

Bridge the gap between learning and doing. Work on live vendor projects alongside Raphlasa's delivery team, get 1-on-1 mentorship across MuleSoft, QA automation or cloud tracks, and graduate with a real portfolio and pre-placement offer assistance.

Limited seats per batch — talk to us to know pricing & offers.

Who Should Attend

- Final-year students & recent graduates
- Career switchers into IT/software roles
- Learners who've completed a foundation course
- Anyone seeking placement-ready, portfolio-backed experience

Curriculum Outline

Module 1: Onboarding & Track Selection

- Choose your specialisation: MuleSoft, QA Automation, or AWS/Cloud
- Environment setup and access to live project tooling
- Goal-setting session with assigned mentor

Module 2: Foundation Refresh (Weeks 1–2)

- Refresher on core concepts for the chosen track
- Tooling walkthrough and internal delivery standards
- Shadow live team stand-ups and workflows

Module 3: Live Vendor Project — Phase 1 (Months 1–3)

- Assigned real client/vendor tasks under mentor supervision
- Sprint-based delivery: planning, execution, review
- Weekly 1-on-1 mentorship and code/test/config reviews

Module 4: Live Vendor Project — Phase 2 (Months 4–5)

- Increased ownership of project modules/deliverables
- Cross-functional exposure (delivery + QA + support as relevant)
- Mid-programme performance review and skill gap coaching

Module 5: Portfolio & Certification Prep (Month 6)

- Consolidate project work into a portfolio
- Mock interviews and resume/profile review
- Final assessment and certification

Corporate IT Internship

6-Month Live Project Track — Premium Tier

Module 6: Placement Readiness & PPO Track

- Pre-placement offer assistance based on performance
- Referrals and introductions within Raphlasa's client network
- Ongoing access to job-readiness resources post-programme

Tools & Technologies

- Track-dependent: Anypoint Platform / Tosca & TestComplete / AWS Console
- Git & project management tools
- Internal delivery documentation

Learning Outcomes

- 6 months of verifiable, live project experience
- A portfolio built on real (non-simulated) vendor work
- Industry-standard certification from Raphlasa
- Pre-placement offer assistance based on performance

Certification & Format

Includes Industry Standard Certification and Pre-Placement Offer Assistance. Track availability (MuleSoft / QA Automation / AWS) is confirmed at enrollment based on batch capacity. In-person and hybrid formats available (Guntur).

Ready to enroll? Call/WhatsApp **+91 96667 72399** or email **info@raphlasa.com** to confirm your seat.
